19 OF HER CREW LOST

The Bark Cheeseborough a Total Wreck ON the Japanese Coast.

TRY CABLE TO THE PRESS NEWS ASSOCIATION. LONDON, Nov. 7.—The bark Cheeseborough, from Hakodate for New York, has been wrecked at Ayumori, on the north coast of Japan. Nineteen of her crew were drowned and only four saved, while the ship herself is a total loss.

KUNZE'S TURN TO PALE.

A Cronin Witness Saw Him at the South Clark Street Rooms.

(SPECIAL TO THE EVENING WORLD.) Chicago, Nov. 7.—It is little Kunze's turn to be ill at ease now, as the Cronin trial goes on. His shock came yesterday, and his face paled visibly when young Willie James, a stenographic student, identified Kunze as the man whom he saw in the apartments at 117 South Clark street, where Simmons put the furniture and trunk he had purchased, one afternoon late in February or early in March. James saw the man from the window of his father's office, opposite No. 117. His attention was attracted accidentally and he saw Kunze in the room across the street, attired only in his underclothing and washing his feet. The other most interesting point in yesterday's testimony was that by ex-Police Capt. Wink of Lake View, regarding the finding in the Carlson cottage of the key to the bloody trunk in which the body had been packed.

THEY HAVE PIGGOTT'S DIARY.

Irish Leaders Threaten Scandalous Exposure by Aid of the Book.

(TRY CABLE TO THE PRESS NEWS ASSOCIATION.) LONDON, Nov. 7.—Mr. Malloy spoke by the book when he told his hearers at Sheffield last night that the tables would be completely turned and that the Irish leaders would soon be able to reveal the details of a conspiracy formed against them. The fact is they have come into the possession of Piggott's private diary. Exposure of a most damaging character are threatened. Several Government officials are implicated. The secrets of the so-called Loyal League, of which Piggott's friend Houston is Secretary, will be laid bare.

A Mexican Volcano in Action.

(SPECIAL TO THE EVENING WORLD.) GALVESTON, Tex., Nov. 7.—Advises from Mexico state that the volcano of Colima is in a state of eruption and the woods for many miles around are on fire. Houses have also been destroyed.
